PART I

GENERAL.

Proceedings of the Government of Mysore,

READ:—

Letter No. 281, dated 12th September 1896, from the Deputy Commissioner, Tumkur district, to the Secretary to the Government of Mysore, General and Revenue Departments.

In reply to your docket No. 3406—Mis. 734, dated the 8th instant, I have the honor to state that Krishnappa, Nagadi gumasta of Sira taluk, has expressed a desire to retire, if his son be provided with a small appointment.

2. In this connection, I beg to submit that it is undesirable, in the interests of efficient and honest work, to retain officials for short temporary periods after they have attained 55 years of age. They lose all interest in their work, with retirement impending on their heads; and Government work as well as the moral tone of the service are sure to suffer in consequence. An exception may and is as a rule, made in the case of officials whose retirement would be a loss to the service by the grant of a year or two's grace to them. The recommendations for retirement, which I have submitted in my letters, quoted in the margin, are based upon these lines.

Nos 213, 226, 227, 228, 229, 230, 231, 232, and 233 of the 25th August 1896.

(2) Letter No. 286, dated 14th September 1896, from the Deputy Commissioner, Tumkur district, to the Secretary to the Government of Mysore, General and Revenue Departments.

In reply to your docket No. 3478—P. & A. 509, dated 9th instant, I have the honor to report that Narasinga Rao, Revenue gumasta of Maddagiri taluk, completed his 55th year of age on the 30th June 1894, and is now 57 years old. He has not applied to be retired, but for reasons given in my letter No. 281, dated 12th instant, it is desirable to retire him in the intrests of efficient work.

No. 4406-39—P. & A. 637, DATED, BANGALORE, 30TH SEPTEMBER 1896.

ORDER THEREON.—It is observed that the Deputy Commissioner's view that officials who have attained 55 years of age should be retired, unless there are exceptional reasons for retaining them, is not a correct exposition of the rule which is to the effect that no official should be retired merely on the ground of his having attained the age of 55 years, unless he is unfit for further service. It cannot be construed or given effect to in the manner suggested by the Deputy Commissioner, nor does it require amendment. The policy of Government, as stated in the rule, being to allow officials to remain in service till they are 60 unless they are inefficient or their retirement is on other grounds desirable.

2. The conditional application of Krishnappa for retirement is inadmissible; his request for an appointment for his son is one for the Deputy Commissioner himself to dispose of.

3. The Deputy Commissioner is requested to express his specific opinion in the case of these and other officials as regards efficiency or otherwise in terms of the rule, with the reasons, if any, for such opinion.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Tumkur district.
The Deputy Commissioners of other districts and Heads of Departments for information and guidance.

JUDICIAL.

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS :—

(1) Letter No. Camp 322, dated 27th June 1896, to the 1st Assistant to the Resident in Mysore.

One Devasagayam, now undergoing imprisonment in the Vellore Jail under a sentence passed upon him by the 2nd Magistrate of the Civil and Military Station, and whose period of imprisonment expires on the 12th July 1896, if he pays the fine imposed on him, and on 10th October 1896 if he does not pay it, was shortly afterwards sentenced by the Mysore Courts to various terms of imprisonment. An application was therefore made to the Superintendent of the Vellore Jail for the re-transfer of this individual to the Central Jail at Bangalore. This officer states that he is not empowered to do so and suggests that a warder from Mysore be sent down to be in readiness at the prison gate to receive the prisoner when he is released.

2. If Section 398 (2) of the Code of Criminal Procedure applies to the case in question, there can be no difficulty in deputing a warder from the Bangalore Central Jail for the purpose of taking charge of the prisoner immediately after the expiration of the substantive sentence of imprisonment passed on him by the Civil and Military Station Courts. If on the other hand, as the Superintendent of the Vellore Jail seems to think owing probably to the further sentence that has to be undergone having been passed by the Mysore Court the prisoner cannot be made over until he has paid the fine or undergone the further imprisonment awarded in default of payment, the inconvenience to the Durbar would be great inasmuch as there could be no certainty as to when the warder from Bangalore should be sent to Vellore or how long he should wait there to receive the prisoner. I am therefore directed to request the favor of the Government of Madras being addressed with a view to the Superintendent of the Vellore Jail being empowered to re-transfer to the Bangalore Central Jail the convict in question received by him from the latter jail, either on the 12th July next when the substantive sentence expires, or on the date of the payment of the fine or of the expiration of the imprisonment awarded in default.

3. I am to add that as prisoners from the Civil and Military Station received into the Bangalore Central Jail, whose term of imprisonment is above one year, are at once transferred to the Vellore Jail, the Durbar hope that there would be no difficulty in inducing the Madras Government to direct the Vellore Jail authorities to re-transfer to the Bangalore Central Jail such prisoners as may have to work out their Mysore sentences after the expiry of sentences passed on them by the Civil and Military Station Courts.

(2) Letter No. 2437, dated 7th July 1896, from the 1st Assistant to the Resident in Mysore, to the Dewan of Mysore.

I am directed to acknowledge the receipt of your letter Camp No. 322, dated the 27th ultimo regarding a prisoner named Devasagayam who is now undergoing imprisonment in the Vellore Jail under a sentence passed upon him by the 2nd Magistrate of the Civil and Military Station, and on whom various terms of imprisonment have been awarded by the Mysore Courts.

2. In reply I am to say that Mr. Mackworth Young is of opinion that Section 11 of the Extradition Act is the only provision under which he can issue a warrant for the delivery of the prisoner, and that there is no other legal method of obtaining his rendition to the State. If the Durbar will be so good as to furnish this office with a copy of the proceedings relating to the prisoner, the Resident will consider whether a warrant can issue in the case.

(3) Letter No. 904—J 76, dated 16th July 1896, to the 1st Assistant to the Resident in Mysore.

As desired in your letter No. 2437, dated 7th instant, on the subject of the surrender to the Mysore State of one Devasagayam, now undergoing imprisonment in the Vellore Jail, I am directed to forward herewith the proceedings relating to the prisoner aforesaid in criminal appeal No. 204 of 1892 on the file of the Chief Court and those before the Court of Sessions and the Committing Magistrate, and to request the favor of their being returned when no longer required.

(4) Letter No. 2776, dated 31st July 1896, from the 1st Assistant to the Resident in Mysore, to the Dewan of Mysore.

In returning the enclosures of your letter No. 904—J. 76, dated the 16th instant, I am directed to inform you that a warrant has this day been issued to the District Magistrate of North Arcot for the surrender of Devasagayam on his release from the Central Jail at Vellore to the Superintendent of the Central Jail, Bangalore.

2. Devasagayam will be released from the Vellore Jail on the 9th October next, provided no portion of his fine is recovered.

(5) Letter No. 1940—J. 209, dated 6th August 1896, to the Registrar to the Inspector General of Prisons in Mysore.

In returning the enclosures of your letter No. 220—12, dated 11th July 1896, I am directed to inform you that a warrant was issued to the District Magistrate of North Arcot on the 31st July 1896 for the surrender of Devasagayam on his release from the Central Jail at Vellore to the Superintendent of the Central Jail, Bangalore.

2. Dovasagayam will be released from the Vellore Jail on the 9th October next, provided no portion of his fine is recovered.

No. 3338-9—J. 332, DATED, BANGALORE, 5TH SEPTEMBER 1896.

ORDER THEREON.—Ordered that copies of the above correspondence be forwarded to the Registrar of the Chief Court of Mysore and to the Registrar to the Inspector General of Prisons in Mysore.

READ:—
Letter No. 27, dated 19th June 1896, from the Registrar of Companies in Mysore, submitting a Report on the Working of the Mysore Companies Regulation III of 1895 for the year 1895-96

No. 3510—J. 357, DATED, BANGALORE, 9TH SEPTEMBER 1896.

ORDER THEREON.—The Mysore Companies Regulation No. III of 1895 came into force on the 1st day of November 1895, and has thus been in operation only for five months of the year, while Act X of 1866, which, it has superseded, was in force for the previous seven months.

2. On the 30th June 1895, there were 92 Companies or Associations working with an aggregate nominal capital of Rs. 43,40,292. Of these, seven Companies came under liquidation or ceased to work; while an equal number with an aggregate nominal capital of Rs. 2,40,000 was newly registered. The number of working Companies on the register at the end of the year under report was, therefore 92 with nominal and paid up capitals of Rs. 43,52,605 and Rs. 24,40,600, respectively, against 92 Companies with nominal and paid up capitals of Rs. 43,40,292 and Rs. 25,66,742, respectively, in the previous year.

3. Thirty Companies were located at Mysore, 12 at Bangalore, 11 at Chikballapur, and the rest were scattered throughout the province.

4. Five Companies are reported to have increased their capital from Rs. 1,40,000 to Rs. 2,20,000 against eight in the previous year.

5. During the year, 250 documents were registered and filed as against 276 in the previous year; and the receipts from fees, &c., were Rs. 807-8-0 against Rs. 1,011-8-0 in the previous year, the decrease being due to fewer registrations of new Companies and to the lower rate of fees prescribed for the registration of Agricultural Banks.

6. As in the previous year, there were no prosecutions for breach of the provisions of the Companies Regulation.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Registrar of Companies in Mysore.

READ:—
Letter No. 476, dated 4th September 1896, from the Deputy Commissioner of Mysore, submitting for favorable orders copy of a letter from Mr. C. Haudin, Superintendent of Police, soliciting re-consideration of the orders disallowing his claim to remuneration for having conducted the prosecution in certain Sessions cases of the French Rocks sub-division.

No. 3986-94—J. 414, DATED, BANGALORE, 21ST SEPTEMBER 1896

ORDER THEREON.—The Government observe that Mr. Haudin was wrong in supposing that it was no part of his duty to prosecute the cases in question. He will be referred to Section 492 of the Code of Criminal Procedure, which authorizes the District Magistrate in any case committed for trial to the Court of Session, to appoint, in the absence of the Public Prosecutor, any other person not being an Officer of Police, below the rank of Assistant District Superintendent, to be Public Prosecutor for the purpose of such case.

2. When a Police Officer is thus directed to prosecute a case, it is incumbent on him to do so. The work of prosecuting in any case may, under special circumstances, be legally assigned to a Superintendent or Assistant Superintendent of

Police by the District Magistrate, in addition to the ordinary duties devolving on him as a Police Officer. In such a case no extra remuneration can be claimed as has been already decided by Government. Mr. Haudin will be informed accordingly.

To—The Deputy Commissioner of Mysore.
The Deputy Commissioners of other districts.
The Inspector General of Police in Mysore.

No. 4371-2—J. 471, DATED, BANGALORE, 28TH SEPTEMBER 1896.

ORDER.—The necessity for an improvement of the prospects and strength of the Police of the coffee tracts, Bangalore and Mysore cities and of the Kolar Gold Fields having been under consideration, Government are pleased to pass the following orders.

2. To enable the Inspector General of Police to make the Inspectorships in the coffee tracts sufficiently attractive to qualified Europeans, the following revised scale of Special Inspectors is sanctioned :—

Present.	Now sanctioned.
1 on Rs. 100 ...	1 on Rs. 150 rising to Rs. 200 (for the Manjarabad taluk).
2 on Rs. 75 each ..	2 on Rs. 100 each rising to Rs. 150 (one for Mudgere and the other for Koppa).

The Government desire that the Inspector General should keep in view the object of Government and strictly adhere to it. He is at liberty to hold the grade of Rs. 150 rising to Rs. 200 in abeyance till some one qualified therefor is found, and to appoint a 3rd Grade Inspector temporarily on Rs. 100 rising to Rs. 150.

3. The scale of the City Police Inspectors will be revised as detailed below:—

Present.	Now sanctioned.
1 on Rs. 125 ...	1 on Rs. 100 rising to Rs. 150.
1 on Rs. 150 (now getting Rs. 200).	1 on Rs. 150 rising to Rs. 200.

4. The pay and horse allowance of the two European Chief Constables in the Bangalore city is raised from Rs. 50+15 to Rs. 75 rising to Rs. 100, with a horse allowance of Rs. 20, with effect from 1st September 1896. They may, as in Madras, be styled Sub-Inspectors if the Inspector General prefers the latter designation.

5. The Police force of the Kolar Gold Fields will be revised as shown in the statement appended hereto. It is observed that Government fully recognize the need of a Special European Superintendent for the Gold Fields, and would be prepared to sanction the employment of one on such pay as may be deemed adequate and also to give him the services of a clerk and four orderlies on the salaries proposed. The Inspector General is requested to make a suitable selection and submit his recommendation and further proposals, if any, for the consideration and orders of Government.

SIR,

The system of identifying persons by means of impressions of the tips of their fingers has been successfully employed for several years in the Registration Department in Bengal, and has been incorporated with the anthropometric system adopted in that Province for the identification of criminals. Recently it has been represented to the Government of India, that the use of finger prints for the purpose of identification is capable of being extended in various directions with great benefit to the public service. The Government of India have accordingly caused a Note, describing the system in outline, to be drawn up, a copy of which is forwarded herewith for

. Particulars as to the sources of more complete information can be obtained if desired from this office: but the Government of India apprehend that Local Governments will have no difficulty in obtaining for themselves more detailed information if they wish to make enquiry on the subject. At present the Governor General in Council only desires to bring the uses of the system prominently before

will judge as to the advisability of adopting it for any public purpose in . If it is adopted, I am to ask that the Government of India may be informed of the fact and also may be acquainted, after intervals of not more than a year, with the progress made in working the system and the degree of usefulness ascribed to it

I have the honor to be,

L. M. THORNTON,

Deputy Secretary to the Government of India

System of identification by finger-prints.

Every one bears on his body a visible token of identity in the system of ramification of the minute ridges that run across the palms of the hands and the soles of the feet, and more especially in the scrolls or other patterns that the ridges form on the inner surfaces of the bulbs of the fingers. These latter are believed to be in themselves amply sufficient for purposes of identification. The value of finger-prints as a means of identification is thus testified to by the Committee which was appointed by the Secretary of State of the Home Department in London to enquire into the best means available for identifying habitual criminals:—"The finger-prints will afford in most cases the scientific proof of identity, and wherever the system is applied, will render a wrong identification practically impossible."

Mr. Francis Galton, who gave evidence before the Committee, has established the following facts in connection with the subject. The marks are persistent through life. There is an enormous variety of them in different individuals, and although there is some deterioration on account of age, the pattern can still be made out. Even after burns the original marks reappear as before. In cases of severe cuts or ulcers there may be distortion, but short of very serious injury the marks would not be destroyed. The improbability of the prints being the same in two sets of two or three fingers is so enormous that it can hardly be put into figures. The prints therefore form a signature which cannot be imitated.

2. The following is a rough outline of the method in which it has been proposed by Mr. Galton to make use of this means of identification. The minute ridges covering the bulbs of the fingers (which are really slight elevations of the skin containing at intervals small holes or pores) would run straight across the fingers from side to side up to the very tip—just as they do in the lower part of the finger—but for the nail, which disturbs their parallelism and squeezes them downwards at either side of the finger. Consequently the ridges that run close to the tip are greatly arched; those that successively follow are gradually less so, until in some cases the arch insensibly disappears about the level of the joint. Usually, however, the gradual transition from an arch to a straight line fails to be carried out, and there is a break in the sequence and a consequent interspace. The uppermost boundary of the interspace is formed by the lowermost arch and the lowermost boundary by the uppermost straight ridge. As the usual number of holes or pores exist within the interspace, the ridges containing them form an independent scroll-work which has been termed the pattern by Mr. Galton. These patterns, almost without exception, can be classified as belonging to three main shapes or designs, to which respectively Mr. Galton has applied the names of Primaries (lines arched, whether upwards or downwards, across the finger), Whorls and Loops.

3. The identification consists in tracing (by the aid of a magnifying glass) the same lines or ridges, and the same peculiarities in them, in impressions made by the same finger at whatever distance of years. The length and thickness of the lines will vary with age and differing conditions of body, but this does not prevent the impression of the finger from being recognized with certainty. The classification of individuals, which is necessary for purposes of record and reference, is arranged for by Mr Galton in the following manner. Taking the three varieties of patterns abovementioned, and sub-dividing each into two according as the slope of the lines is upwards or downwards from the side, he has six possible varieties of fingers, to which severally are assigned the numbers 1 to 6. The numerical sign for each individual is the numbers thus borne by his fingers in a fixed order (Mr. Galton thinks it might suffice, for the identification of criminals, to take six fingers only). A number of classes of manageable size result, which can be sub-divided by adding further particulars, till the search for prints corresponding with those sought to be compared becomes a matter of no great difficulty.

4. For the purpose of identifying any one with a person who he claims or is supposed to be, no classification is required but merely comparison of two prints taken from the fingers at two different periods to see whether they agree. It seems to be established that, if they do not agree, even after the lapse of many years they cannot have been made by the same individual. In cases of classifying a large number of persons, or of identifying criminals, the services of an expert would be required, but in ordinary cases the two sets of prints would be enlarged by photography or be examined by a magnifying glass, and there would be no difficulty in discovering whether they had been made by the same or by two different hands.

5. As regards the mode of taking finger-prints, the recommendations of the Home Secretary's Committee are briefly as follows:—

(1) A plate of copper screwed by its corners down at both ends to a board one inch thick, an ordinary printer's roller, two tubes of printer's ink, some benzole and cards should be provided.

(2) Less than a drop of ink should be squeezed on the plate and worked with the roller till it forms an even layer on the surface, which must be so thin as to allow the copper color to show through it.

(3) The man's right hand should then be taken and the bulbs of the fingers laid on the inked plate and pressed gently but firmly with the operator's own hand. The inked fingers should then be placed flat on the card, so that imprints may be taken

(4) The roller and slab must be thoroughly cleaned with benzole and dried with a rag and put out of the way of dust. The fingers may also be readily cleaned with benzole or turpentine.

A piece of glass will do as well as the copper. The ordinary native ink, diluted with a little oil, may do. Experience has shown that imprints can be made with sufficient distinctness by non-expert persons using such ink. If the prints are taken on a small piece of white paper, the operation can be repeated several times, or until a perfect specimen is obtained, and this can be gummed on to any document with which it is desired to preserve the print.

6. The system of identification by finger-prints appears to be capable of utilization in various ways in the Civil Department. It has already been incorporated with the anthropometric system introduced into Bengal by Mr. Henry, Inspector General of Police, and has been successfully employed in the identification of criminals. It may eventually, if Mr. F. Galton's views are correct, be possible to identify persons by finger-prints alone. For the present, however, for the identification of criminals, this method has to be associated with anthropometry, and only helps to make identification under that system absolutely certain.

The system of finger-prints has also been introduced in the Registration Department in Bengal for securing the identification of parties and their witnesses in the registration of deeds. It was brought into operation in all Sadr Registration offices from the 1st June 1894, and has since been introduced into the subordinate offices. It has already helped in the detection of two cases of false personation.

The system is likely to prove an important safeguard in preventing false personation in the case of pensioners, especially females. Applicants for payment of pension might be compelled in case of doubt as to their identity, to produce fresh impressions of their fingers for comparison with their standard prints which would be kept in the pension offices. This evidence would be specially valuable in the case of *Purdanashin* women, whose impressions could be obtained through their relatives or friends. The Government of India propose to introduce this system into Lower Bengal, as an experimental measure at present, for the purpose of identifying Government pensioners.

The system might be useful in identifying the next-of kin, if Government servants were required to have affixed to their service-books the finger-prints of those who were recognised as their heirs. It might also be usefully employed for the identification of competitors at public examinations. It has further been suggested that impressions may be taken of the finger-tips of all candidates for the public service; and that they may be attached to all legal documents in the courts. Emigrants might also be required to leave their finger-prints as a token of their identity. And if the method proves an effective means of identification, it is probable that it could be put to various other uses.

7. The system of taking impressions of finger-tips was adopted in 1893 in recruiting for the Native Army, but it was considered unnecessary and abandoned last year, false personation being almost unknown in the army. The Home authorities are, it is believed, about to introduce anthropometry combined with finger-prints for recruiting purposes, and there is little doubt that this will prove of the greatest use in detecting the re-enlistment of deserters. In the Recruiting Department the system may also be adopted as a check against false personation by persons who claim to be the persons passed by the medical authority.

Letter No. 180 of the 21st August 1896, from the Registrar to the Inspector General of Prisons to the Secretary to the Government of Mysore.

With reference to your letter No. 1510—J. 153, dated 29th July, I am directed to state that the Inspector General of Prisons recommends the adoption in the Mysore State of the system of identifying persons by means of impressions of the tips of their fingers, and that the Inspector General of Police, who has been consulted on the subject, is also in favor of the system being introduced into this Province.

Letter No. 3693—J. 386, dated 16th September 1896, from the Secretary to the Government of Mysore to the First Assistant to the Resident.

With reference to para 2 of your letter No. 2602, dated 18th July last, I am directed to state that the Durbar are in favor of adopting the system of identifying persons by means of impressions of the tips of their fingers and that the Inspectors General of Prisons and of Police have been instructed to take the necessary steps to introduce the system into Mysore.

No. 4227-36—J. 448, dated, Bangalore, 25th September 1896.

Order thereon.—Copies of the above correspondence will be forwarded to the Inspectors General of Police and of Prisons with a request that they will, in consultation with each other, arrange for the practical application in Mysore of the system in question along with the anthropometric system for the identification of criminals.

Letter No. 2713—726, dated 30th January 1896, from the Deputy Commissioner, Kolar, requesting the issue of a definite ruling regarding the powers of Deputy Commissioners as ex-officio District Registrars in the matter of filling up vacancies in the Registration Department

Correspondence ending with letter No. 2, dated 22nd September 1896, from the Inspector General of Registration in Mysore, re-transmitting the draft Rule forwarded with this office No 2770—J. 392, dated 17th September 1896, with his views thereon.

No. 4494-4502—J. 483, DATED, BANGALORE, 30TH SEPTEMBER 1896.

ORDER THEREON.—The Government are pleased to sanction the following Rules with regard to appointment of subordinate officials in the Registration Department of districts.

"Under the provisions of Section 69 of the Registration Act III of 1877, and with the approval of the Government of Mysore, the Inspector General of Registration issues the following Rules for regulating the proceedings of the Registrars and Sub-Registrars in the matter of the appointment, punishment, and removal of subordinate officials of their establishments :—

I. "Every District Registrar may appoint, suspend or remove ministerial officers of his establishment, whose monthly salary does not exceed Rs. 40, provided that an appointment of head clerk, on whatever pay and whether temporary or permanent, shall be reported to, and be subject to the confirmation of the Inspector General.

II. Every Sub-Registrar may, subject to the approval of the District Registrar, appoint, suspend, or remove officers of his establishment whose monthly pay is less than Rs. 15. The appointment, suspension and removal of other officers whose monthly salary exceeds Rs. 15 shall rest with the District Registrar.

III. A Registrar or Sub Registrar may fine, in an amount not exceeding one month's salary, any of the ministerial officers of his establishment who is guilty of misconduct or neglect in the performance of his duties.

IV. The Registrar may, on appeal or otherwise, reverse or modify any order of fine, suspension, or removal when passed by a Sub Registrar; and, similarly, the Inspector General may, on appeal or otherwise, reverse or modify any order of fine, suspension or removal when passed by the Registrar.

V. Nothing in these Rules shall interfere with the power of the Inspector General to exercise general control over all appointments, transfers and removal of ministerial officers of the Registration offices in the territories of Mysore"

2. Adverting to the last rule it is observed that whenever the Inspector General considers it necessary, in the interests of the public service, to alter, modify or cancel an appointment, &c., made by a District Registrar or Sub-Registrar, the reasons for such interference must be recorded in writing and communicated to the officer concerned.

The Inspector General of Registration.
The Deputy Commissioner of Kolar.
The Deputy Commissioners of other districts for information.

From the Inspector General of Police in Mysore, to the General Secretary to the Government of Mysore, No. 1083—99, dated 11th September 1895.

I have the honor to acknowledge the receipt of Government Proceedings No. 2316-7—J. 257, dated 30th July 1895, but received in my office on the 9th instant, on the subject of introducing the Bertillon system of anthropometry for the identification of criminals.

2. There can be no question regarding the usefulness of the system which has been successfully tried in British India and has yielded such good results. The merit of the system and the desirability of adopting it in Mysore were brought to the notice of Government in my letter No. 3418—364, dated 17th April 1894.

3. With reference to the query contained in the First Assistant Resident's letter, I am of opinion that all things considered, it would be convenient to have a separate bureau for Mysore for recording the anthropometrical measurements of criminals. The information contained in our records will of course be at the disposal of the Government of India. There will be a free interchange of cards with the border Presidencies of Madras and Bombay.

4. I note from the First Assistant Resident's letter that the Government of India proposes to give the necessary training to our men free of cost. The question then remains, where the men should be sent to, for instruction. If the system which is in force in Madras is the same as that adopted in Bengal, it would be desirable to send our men to Madras to receive instruction. In this connection, I beg to quote in the margin for the information of Government an extract of a D. O. letter, dated 26th August 1895, from the Assistant Inspector General of Police, Madras, to the Head-quarter Superintendent of Police attached to my office.

I fancy you will soon find it necessary to make a commencement with anthropometry. It is in full working order in this and other provinces. Its cost is not very excessive, we find our men easily learn it I shall be happy to instruct any men you may send down for the purpose on my return from leave. I am starting for Ootacamund on Saturday and shall not return to Madras until the 26th October.

5. When final orders are received in the matter, I shall arrange to depute a Superintendent of Police with some experienced Inspectors to go through a course of instruction in anthropometry and the working of the system at such centre as may be decided upon. A Jail Officer or two may also be deputed for similar instruction.

From the General Secretary to the Government of Mysore, to the First Assistant to the Resident in Mysore, No. 3898—J. 430, dated 20th September 1895.

No. 2824, dated 23rd July 1895.
No. 3483, dated 6th September 1895.

I am directed to acknowledge your communications noted in the margin on the advantages of introducing into Mysore the Bertillon system of anthropometry for the identification of criminals.

2. In reply, I am to state that the Durbar has long been convinced of the wisdom of adopting the system, which has been attended with such satisfactory results within the comparatively short period it has been in operation in British India, and quite concurs in the opinion of Mr. Lee Warner that the time has arrived for working it in this State also.

3. The Durbar has after full consideration decided to establish a separate bureau for itself, in preference to its records being amalgamated with those of Madras. All the information collected in Mysore will of course be placed at the disposal of the Government of India, while a free interchange of cards will be made with the neighbouring Madras and Bombay Presidencies.

4. I am to add that the Government of Mysore will be prepared to depute a few Police and Jail Officers and subordinates to receive a course of instruction and training in the practical working of the anthropometric system, as soon as the place is intimated to which they should be forwarded. At the same time the Durbar would suggest that as the same system is under operation in Madras, it may be convenient to all parties if the training is to be undergone in that city.

5. In conclusion, the Durbar is prepared also to appoint the necessary establishment for tabulating the records as suggested in your para 4.

From the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 4511, dated 11th November 1895.

I am directed to acknowledge the receipt of your letter No. 3898—J. 430, dated the 20th September last, on the subject of the introduction into Mysore of the Bertillon system of anthropometry for the identification of criminals.

2. It has been noted that a bureau will be established by the State for its anthropometrical records and that the information collected will be placed at the disposal of the Government of India, while a free interchange of cards will be made with the neighbouring Madras and Bombay Presidencies.

3. With reference to paragraph 4 of your letter, I am to say that the officers selected for instruction should be sent to the Central Bureau, Chief Office, Madras; the course of instruction will last for about ten days. As regards hours of instruction and further details, I am to request that the Inspector General of Police in Mysore or any other officer appointed to deal with this matter may be instructed to correspond direct with the Assistant Inspector General of Police, Madras; the Resident will be glad to know of the action taken in this direction.

4. The Assistant Inspector General of Police, Madras, has stated that it will be advisable to procure the necessary appliances before sending the men to Madras, otherwise they are likely to forget what they have been taught as it requires constant practice to ensure accuracy. If one Inspector and two intelligent head constables be deputed, they should each be provided with the following :—

Calipers	1
Sidingbar	1
Tin slab	1
Rubber roller	1
Measuring tape marked to centimetres .	1

These articles can be procured from Messrs. I. Daws & Co., 21 Lall Bazaar Street, Calcutta, who should be asked to supply the same pattern as furnished to the Police Department of the Madras Presidency.

5. I am at the same time to add that it has been decided to introduce the system in the Civil and Military Station of Bangalore, and that as a convenient arrangement the measurement cards of the station will be kept in the Mysore bureau if the Durbar has no objections. A few officers of the Station Police will be sent to Madras for the necessary instruction.

6. Four copies of letter No. 10552 A., dated the 26th June last, from the Inspector General of Police, Lower Provinces, addressed to the Government of Bengal and of the Bengal Police circular (in pamphlet form) on the subject are enclosed.

Enclosure to the above.

From E. R. Henry, Esq., I.C.S., Inspector-General of Police, Lower Provinces, to the Chief Secretary to the Government of Bengal. No. 10552 A., dated, Calcutta, the 26th June 1895.

In continuation of previous reports, I submit information of the progress made in the districts of the Lower Provinces in working the anthropometric system for the identification of old offenders.

1. Letter No. 1732, dated the 25th February 1893, from the Inspector General of Police, Lower Provinces, to the Chief Secretary to the Government of Bengal.
2. Letter No. 6353, dated the 1st May 1894, from the Inspector General of Police, Lower Provinces, to the Chief Secretary to the Government of Bengal.

In the reports specified in the margin of this para, full explanation is given of the rules under which the system of measuring, selection of persons to be measured, classification of results, and system of search is carried out. The accompanying Bengal Police Circular in pamphlet form brings this information up to date.

Arrangements made in all districts for the early registration of unidentified accused, for their being measured, and a reference made to Central office before disposal of their cases.

II.—I may now point out that in all districts, attention is concentrated on unidentified accused criminals. As soon as a person is arrested on a charge of having committed an offence against property, if the local police are unable to ascertain or verify his antecedents, he is dealt with under the rules laid down for "unidentified" suspects. At each sub-division, the unit in these provinces of criminal administration, there is a Court Sub-Inspector whose special duty it is to look after and prosecute police cases. This officer is required, as soon as an unidentified person is sent up in police custody, to enter his name and other particulars in a register, to forward by the first post this nominal roll to the Inspector General's office and to arrange for measuring him without delay. The object of this rule is to enable the Central office to maintain check, so that no unidentified accused shall, through omission, escape measurement.

The Court Sub-Inspector having taken the measurements and left thumb impression on a card in prescribed form, forwards it to the Central office and awaits a reply before the case against the accused is disposed of in Court. On receipt of the card, the Central office institute search, and if the identity of the suspect is made out, send a reply by return post informing the requisitioning Court officer of the suspect's real name and residence, and giving details of all previous convictions on record against him. On receipt, this reply is placed before the trying Magistrate, who, ordinarily, grants a remand to enable the prosecuting police to summon witnesses and prove the previous convictions in the manner required by law (Section 511, C. P. C.).

Means devised to enable (*a*) station officers, (*b*) Court Police to verify antecedents of accused persons.

III.—Much attention has been devoted to improving the means of enquiry within reach of the District Police. Under existing rules, when a person is convicted of certain specified offences, his name and details of the case are recorded in a book known as the Conviction Register, the entries in which are scrutinised once a week by Magistrate and authenticated by his signature. At the same time, a copy of the entries is forwarded to the police station which sent the accused for trial, where they are transcribed into Register XIII, which contains information concerning the past criminality of all persons resident within the police-station jurisdiction, and corresponds for the station area with the Conviction Register for the district area.

Complete indexes to Conviction Register for a period of from 10 to 20 years prepared on an improved principal supplied to the 128 Sub divisional Court offices of the province.

For the use of the Court Police indexes on an improved principle to this Register, for a period of from 10 to 20 years, for all districts have been prepared, and copies given to all Court offices. The indexing has been devised on a system, the salient points of which are that the confusion arising from the varying spelling of names is discounted, and the person and his father's name are simultaneously traced by the one process of search. In practice it answers admirably.

Each station officer has thus the means of ascertaining whether a resident of his jurisdiction has, or has not, been previously convicted, and must certify accordingly when sending an accused for trial, or state that he cannot be identified. Court Sub-Inspectors check the certificates of the investigating police certifying that they have searched their Conviction Register indexes. The preparation of

these indexes has given much labour, but that it has not been given in vain is indicated by the results of previous convictions proved during 1894, the percentage being higher than ever previously obtained.

Circumstances under which aid of anthropometry utilised.

IV.—The system now in force appears to provide the fullest check possible under existing conditions, and, when the accused is a resident of the district, or if resident of another district, gives his correct name and residence, the Court Police require no assistance in verifying antecedents. It is only when the suspect is a foreigner or gives an incorrect name that the local police are powerless and have to apply to the Central office for information.

One of the successful cases of the year is a good instance of the effectiveness of the anthropometric system. A man was caught in Backergunge breaking open a box in house which he had burglariously entered. Interrogatory was of no avail, as he feigned dumbness. His measurements were taken before he was sent to the Civil Surgeon to be kept under observation. The Civil Surgeon certified the man to be dumb; the Central office, however, identified him as Saroda Charan Bose, an old offender, twice previously convicted, a resident of Khaitpara village in Khulna. Acting on this information the local police were able to produce evidence which satisfied the Judge at the trial that the accused was in reality Saroda Charan Bose of Khaitpara; that he was shamming dumbness and that he was an old offender; he was sentenced to four years' imprisonment. But for the anthropometric system this criminal would doubtless have been treated with special leniency as an unfortunate suffering from the pitiable disability of loss of speech.

Successful cases of identification during 1894, and percentage of successful cases to total number of unidentified in all Bengal districts.

V.—During the year 1894, of the persons sent for trial charged with having committed offence against the person and property or property, the local police succeeded in identifying all but 536. Of these 536, the identity of 112, or nearly 21 per cent, was esttablished by means of anthropometry upon information supplied by the Central office, the previous convictions on record against these persons being duly established in Court. These figures represent results in their least favourable light, for of the 424 unidentified, only 375 were convicted; and as it only in the case of these latter that establishing identity and proving previous criminality could have been of avail, the proportion of successful cases might be calculated accordingly. In addition, I find that 51 of the persons who remained unidentified at the close of the year were Nepalese, who came over the border and committed crime in Jalpaiguri and Champaran. The anthropometric system not being employed in Nepal, their identification by means of it was not to be hoped for. There were also 19 juveniles or women who, under our rules, are not measured. If, therefore, impossible cases are eliminated, it will be seen that the results obtained were as good as could have been expected in the second year of bringing the system into practical working and may be thus stated:—Of the total number of unidentified persons convicted in Bengal districts, 23 per cent were recognised by means of anthropometry and their previous criminality proved in Court. Successful cases came from 32 districts and the Railway Police. There were, besides 28 identifications for the Calcutta Police, making a total for the Province of 140 successful cases.

In estimating the value of these results, it must be borne in mind that the Bengal system applies to dangerous criminals only, and that in addition to identifying, the Central office furnishes in all instances full information of previous criminality. "In Paris every person arrested for any offence is at once subjected to the process of measuring, and is sometimes photographed before being taken before a Magistrate. It would not be consistent with English ideas to entrust to the police an arbitrary power of measuring or photographing every person arrested without regard to the necessity for the purposes of justice of discovering his antecedents and character." (Blue Book C 7263. The Report of the Committee appointed by the Secretary of State for the Home Department to enquire into the best means available for identifying habitual criminals.) In Bengal the duty of measuring is entrusted to police officers at over 100 different centres, and not "as in Paris to a few incessantly-practised experts, working for many hours every day in the same room under

skilled supervision." (Finger-print Directories by F. Galton, F. R. S., London, 1875, page 56.) No comparison between the figured results obtained in France and Bengal can therefore be usefully instituted. I may add that the Committee, whose report is quoted, are of opinion that in England it will be necessary to permanently record the measurements of about 4,500 convicts yearly, their selection being made upon considerations similar to those which have determined selection in Bengal. Their Report presented to the House of Commons in 1884, recommends the adoption in England of a modified anthropometric system, the details of which correspond in all essential particulars with those of the system introduced in Bengal in the begining of 1892. The one difference is that while advocating the employment of the measurements of length and breadth of head, left middle finger, forearm and foot for purposes of classification, they are of opinion that finger impressions should be substituted for height measurement as the sixth factor in classifying. So far the system of classifying adopted in this Province, judged by the results of actual working, has answered well, and it is not under contemplation to make any change in it. As the number of cards increases, further subclassification may be needed, and the thumb impression will then be made use of for the purpose.

Criminal record for Province up to the end of 1894.

VI.—In round numbers, 18,000 cards had been received for record up to the close of the year; 1,500 cards of deceased criminals were destroyed; in addition 2,500 cards of prisoners undergoing long sentences have been kept apart, to be brought into the search almirahs three months before the earliest date of expiry of sentence, the actual number of cards arranged in the search almirahs being thus reduced to 14,000. Bengal is thus building up a record of the criminality of all recidivists, which, in time, will be more complete and contain information in a more accessible form, than the record possessed by the police in England or in any English colony or dependency.

Number of police officers competent to measure and take finger impression.

VII.—Each year between 120 and 150 English-knowing officers recruited on the results of competitive examination for the post of Sub-Inspector, before being drafted to districts are sent for three months to the Police Training School where, in addition to instruction in other subjects, they are taught anthropometry in all its branches, and, on leaving, are competent not only to measure, but to fill in search slips and search for cards. There are now a large number of officers scattered over the districts of the Province, who are competent measurers; they are periodically subjected to examination by the Deputy Inspectors-General and myself and by the skilled measurers who visit each district in turn, once in six months. Acquaintance with the working details of anthropometry and taking finger impressions has thus been widely diffused amongst the police. As already reported, officers have been trained for other provinces. Mr. Paget, District Superintendent, who received special instruction at the Central office, is now on deputation in the North-Western Provinces to assist in the introduction of anthropometry there. Inspector Ram Sadai Mukerjea sent to instruct the Bombay Police fulfilled his task so satisfactorily as to earn the special commendation of the Inspector General, Commissioner of Police and of the other officers instructed. Copies of the pamphlet on "Criminal identification by means of anthropometry in Bengal" have, at their request, been supplied to several Governments and Administrations, and also recently under orders from the India Office to the Home Office in England.

From the General Secretary to the Government of Mysore, to the First Assistant to the Resident in Mysore, No. 6182—J, 673, dated 22nd November 1895.

I am directed to acknowledge your letter No. 4511, dated 11th instant, communicating certain observations of the Resident in regard to the proposed introduction of the Bertillon system of anthropometry into Mysore.

2. I am to say in reply that the bureau to be established by the Mysore State for its anthropometrical records will be under the Inspector General of Police, the information collected will be placed at the disposal of the Government of India and every facility will be afforded for a free exchange of cards with the neighbouring British Presidencies of Madras and Bombay. The Inspector General of Police will be authorized to hold direct correspondence with the Assistant Inspector General of Police at Madras, with a view to elaborate the requisite details and to work the scheme efficiently.

3. Adverting to your para 4, I am to add that the Inspector General of Police in Mysore has been requested to procure from Calcutta the appliances particularized by you for the use of the men deputed for learning the details of the system.

4. The Durbar proposes to detail at first 1 Inspector, 2 Head Constables, 1 Jailor or Assistant Jailor to Madras for being taught the details. It would perhaps be advisable to start them for the purpose together with the Civil and Military Station officers if the Resident has no objection.

5. In conclusion, I am to assure the Resident that the Durbar agrees with him in the opinion that the station cards may with advantage be kept in the bureau of the State and that every facility will be afforded by the Durbar for the same.

From the General Secretary to the Government of Mysore, to the Inspector General of Police in Mysore, No. 6289—J. 696, dated 26th November 1895.

With reference to correspondence ending with your letter No. 1083—99 dated 11th September 1895, regarding the introduction of the Bertillon system of anthropometry into Mysore, I am directed to forward for your information and guidance copies of the First Assistant Resident's letter No. 4511 dated 11th November 1895, and of the reply to it.

2. You are requested to be so good as to adopt early measures to work out the details in the manner described, and to obtain the necessary applicances from Calcutta. In addition to an Inspector and two Head Constables, a Jailor or Assistant Jailor has to be deputed to Madras. The Inspector General of Prisons will be addressed on the subject and you will in communication with that officer make the necessary arrangements.

3. The cards of the Civil and Military Station should be recorded in the bureau to be opened for the purpose, and you should arrange to despatch the Police and Jail officers specified to Madras for instruction, in company with the officers deputed for the purpose by the Police authorities of the Civil and Military Station.

4. You may correspond direct with the Assistant Inspector General of Police, Madras, in connection with the instruction to be imparted to the men deputed regarding the details of the system.

5. Two copies of the printed correspondence referred to in the First Assistant Resident's letter quoted in para 1 of this communication are herewith forwarded for your information.

From the First Assistant to the Resident in Mysore to the Dewan of Mysore, No. 4782, dated 2nd December 1895.

I am directed to acknowledge the receipt of your letter No. 6182—J. 673, dated the 22nd ultimo, and to convey the thanks of the Resident to the Durbar for assenting to the proposal that the anthropometrical measurement cards of the Civil and Military Station be kept in the bureau of the Mysore State.

2. With reference to paragraph 4 of your letter, I am to say that the District Superintendent of Police, Civil and Military Station, has been requested to send his men to Madras in direct communication with the Inspector General of Police in Mysore.

From the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore General and Revenue Departments, No. 532—54, dated 10th August 1896.

With reference to your letter No. 1512—J. 155, dated 29th July 1896, enquiring whether the men of the three Departments have been sent to Madras to receive instruction in anthropometry, I have the honor to forward herewith copy of letter No. 374, dated 5th instant, from the District Superintendent of Police, Civil and Military Station, forwarding copy of docket No. 6919, dated 17th July 1896, from the Commissioner of Police, Calcutta, stating that the anthropometrical instruments will be ready in six weeks. On receipt of intimation from the District Superintendent of Police, Civil and Military Station, I will make the necessary arrangements to send our men to Madras.

From H. F. Wilkieson, Esqr., District Superintendent of Police Civil and Military Station, Bangalore, to the Inspector General of Police in Mysore, (enclosure to the above) No. 374, dated 5th August 1896.

In reply to your letter No. 435—C. M. 43 dated 4th August 1896 I have the honor to enclose herein for your information a copy of docket No. 6919 of 17th ultimo from the Commissioner of Police Calcutta, to my address.

I shall be able to fix a date after the receipt of the instruments and let you know of the same.

From the Commissioner of Police, Calcutta, to the District Superintendent of Police, Bangalore (enclosure to the above) No. 6919, dated 17th July 1896.

In reply to his letter No. 264 of the 6th instant with enclosure begs to inform him that the makers Messrs. Dass & Co. will send the instruments. They will be ready in six weeks.

Proceedings of Government No 419-21—2821-3, dated 12th June 1896, issued in the Public Works Department

Letter No 367 of the 16th March 1895, from the Deputy Commissioner, Mysore district, giving his opinion as to the proportion in which the revenue derived from the tolls established at or near the Frontier should be divided between Provincial and District Fund roads.

2 Public Works Secretary's note, dated 3rd March 1896, recommending that half the proceeds of the Frontier tolls be allotted to the main Imperial roads leading to Coorg, the Wynaad and the Nilgiris and the other half to the District local roads feeding or fed by these main roads.

No. 419-21—2821-3, DATED, 12TH JUNE 1896.

ORDER THEREON —The Government approve of the division of the toll revenue as proposed in Public Works Secretary's note quoted above

2 The amount falling to the Imperial roads is to be taken to enhance their average mileage allotments made during the last ten years, apart altogether from the special allotments granted from time to time. That falling to the share of the District Fund roads is to be distributed as the District Fund Board thinks best, but to be additional to the ordinary annual grants, which are on no account to be curtailed because of this extra grant The latter grant ought to be spent, for some years at least, in building new tunnels and small bridges and in metalling all those miles which run over black cotton soil.

(1) Letter No. 151, dated 23rd July 1896, from the Deputy Commissioner of Mysore.

With reference to G. O. No 419-21—2821-3 of the 12th June 1896, dividing the toll revenue equally between the Provincial and District Funds, I have the honor to bring to notice that one of the roads, on which toll is collected, is maintained from the District Funds, *viz.* the Hassan-Periyapatna-Cannanore road (as per G. O. No 19567-8—G 5182 of the 4th May 1895) Under the orders contained in G O No 20998-21 07—L. F. 295-92 of the 6th June 1894, tolls collected on the District Fund roads should be credited to those funds Under these circumstances, I beg to know whether the amount collected on the above mentioned road is not to be credited entirely to the District Funds.

(2) Letter from the Chief Engineer, No. 4281, dated 15th August 1896.

With reference to your memo No 1757—L F. 45-96 dated 1st instant, forwarding for my opinion letter No 151 of 23rd ultimo, from the Deputy Commissioner, Mysore district, (herewith returned) enquiring whether the toll collected in Hassan-Periyapatna-Cannanore road, which is maintained from District Fund, should not be credited entirely to that fund, I have the honor to inform you that the order issued in Government Public Works Proceedings No. 419 21—2128-3, dated 12th June 1896, evidently intended that the tolls at this particular toll bar should be dealt with exactly like the other Frontier toll bars

No. 3184-6—L. F. 45-96, DATED, BANGALORE, 2ND SEPTEMBER 1896.

ORDER THEREON.—Government concur with Colonel Bowen, and accordingly direct that the tolls collected on the road referred to in the Deputy Commissioner's letter read above be credited half to Provincial Funds and half to District Funds.

Para 7, clause I of Proceedings No. 6227-39—L. 429 dated 24th August 1891.

All collections made in the municipal towns whether they are made by municipal servants or shanbhogs of the towns should be entered in the Day Book kept by the officer making the collections and remitted to the treasury once a week with a challan remittance list and the Day Book, a detailed account of demand collection and balance being written up and submitted to the Vice President once a month with the dates on which the sums have been remitted to the treasury. The Vice President should, on receipt of the monthly statement satisfy himself that all the moneys have been duly credited in the treasury. If any money is directly paid in the treasury, the Treasury Officer should obtain from the Mayor a challan in duplicate and forward one of them duly attested to the Vice President with a statement of such receipts during the month in view to the necessary entries being made in his accounts.

ORDER THEREON.—Para 7 (I) of Government Proceedings No. 6227-39—L. 429, dated 24th August 1891, requires that municipal collections should be remitted to the treasury once a week. It appears, however, from the replies of Deputy Commissioners read above that the average amount of monthly collections from cattle-pounds in minor municipalities other than those at taluk and district head-quarters is in every case very small, so that remittances at such frequent intervals probably entails unnecessary inconvenience. Government are, therefore, pleased to direct that, in future, the collections from cattle-pounds in all municipalities other than those at district and taluk head-quarters, be remitted to the treasury once in a fortnight, instead of once a week as at present.

(1) Letter No 346, dated 31st January 1896, from the President of the Mysore City Municipality.

I beg to state that at present many building sites are lying vacant in the public streets of this (Mysore) city and they are a great nuisance both to the public and to the neighbours, and unless some rules of taxing vacant sites as in the minor municipalities and in the villages are introduced, the owners will not be induced to construct buildings on them. This point was brought before the Board by a Municipal Commissioner and the Board resolved to request the Government to introduce the rules referred to. A copy of resolution of the Board is herewith submitted. Permission is solicited to tax the vacant sites as in the minor municipalities and in the villages. This is allowable under Section 34 of the Mysore City Municipal Regulation.

Proceedings of the Ordinary Meeting of the Municipal Commissioners for the City of Mysore held in the Town Hall at 8 A. M., on Saturday and Sunday the 25th and 26th January 1896.

V (ii) Considered the following proposals by Mr. Kantiravachar, Commissioner for the Krishna Raj Mohalla division :— That the building sites lying vacant in the streets and roads be taxed as in the Madras Presidency, as it will induce the owners to construct buildings on them and thus remove the nuisance to which the neighbours are subjected.

The Board admits the force of this proposal and so resolves that the Government be asked to introduce into this municipality the rule of taxing vacant sites as in the minor municipalities and villages; the same being allowable under Section 34 of the Mysore City Municipal Regulation.

With reference to Government Order No. 10787—L. F. 106-95, dated the 19th March 1896, calling for suggestion about the annual rates of assessment to be levied on vacant sites in the city of Mysore, I beg to state that the sub-committee appointed by the Board to consider the question reported that a tax of 8 annas per annum might be levied for every 250 square yards of such sites or fraction thereof, and that when the owners thereof do not pay the tax the sites be attached and sold instead of (as is usually done in collecting the municipal taxes) attaching the movables of the defaulters, as it will be difficult to find the defaulters in such cases or their goods. The Board approved of this suggestion. A copy of its resolution together with a copy of the sub-committee's report is herewith submitted and the sanction of Government is solicited.

To

The President of the Mysore City Municipality.

We, the members of the sub-committee formed in pursuance of a resolution passed in the Municipal Board, for the consideration of the question of levying special annual rates upon vacant sites within the limits of the municipality, met in the Town Hall on Sunday the 14th instant. There were present Messrs. H. Nanjunda Raj Aras, Vice President, Venkatakrishnaiya, Anantarajaiya and A. Ramanna.

I. It being very important to see that vacant sites are assessed we have taken 8 annas to be the minimum rate of assessment to be levied upon vacant sites. In order that this may not be felt as a burden upon the rate-payers the same rate of 8 annas is kept on even to sites on which an ordinary spacious house could be built as we have fixed the maximum extent for this rate to be 30 feet × 75 feet or 250 square yards, or 50 ankanams of site according to local calculation. If the extent of any site should exceed 250 square yards, a further rate of 8 annas will be levied for every 250 square yards or part thereof. This rate while it acts as an incentive to people to build on and enclose their sites, it is hoped, does not act as a burden upon the people

III. This question having been disposed of, there was another practical difficulty which was necessary to be met with. Many of the owners of these vacant sites, though very small ones and as such quite uncared for by their out-station residents, have been the sources of great nuisance.

IV. The present coercive measure of recovering the tax by distraint and sale of defaulters' movables will not hold good at all in this case as the defaulters will in many instances have no movables at all in the city and as in many instances the owners whereabouts, not having been known for several years, the object of taxing the vacant sites will be frustrated though as it often happens the owner might turn up long afterwards and claim the site. It being, therefore, necessary to make some changes in the mode of recovering the tax, we have resolved that the Government may be requested to specially authorize the Board to recover the tax on vacant building sites by due attachment and sale of such sites in case of default of payment of tax due upon such sites.

READ :—

Letter No 26, dated 6th August 1896, from the President of the Bangalore City Municipality.

In reply to Government Proceedings No 1284-5—L. F. 106-95. dated 24th instant requesting to be furnished with certain information regarding the tax charged on vacant sites, I have the honor to state that municipal tax is levied on all vacant sites in the city of Bangalore. The prevailing rates are as follows :—

Rs	a.	p.	
0	4	0	per annum per site.
0	8	0	do
0	12	0	do
1	0	0	do
1	8	0	do

These rates are levied under the provisions of the Municipal Regulations in force. The rates are not determined apparently by any standard of area, but each vacant spot is assessed at the option of the Executive Officer who fixes the same according to extent and situation.

I have taken 10 sites at random in the city and taped the same and found as follows :—

1.	1097 square yards		Rs	a.	p.	
	900	do	1	8	0	each per annum.
2	163	do				
	110	do	1	0	0	do
3.	117	do				
	35	do	0	12	0	do
4.	77	do				
	21	do	0	8	0	do
5.	48	do				
	32	do	0	4	0	do

In the case of defaulters, their movable properties, found elsewhere are attached. But when the whereabouts of such defaulters are unknown the tax is allowed to accumulate till such time as defaulters' address or residence is ascertained when demand is made and collected.

The market value of building sites in the city having considerably risen of late, the tax on vacant sites which apparently is a light one is generally paid up by somebody interested in the land or who may be a relative or friend of the defaulters as soon as process is issued. After all possible means are tried and should the same prove futile the tax in such cases is remitted. I further beg to state that there exists a Municipal bye-law on the subject of levying mohatarfa kandayam on vacant sites, copy of which is herewith submitted The provisions of this bye-law have not been acted upon, as there were doubts about its legality. Its provisions are moreover contrary to the recent orders of Government prohibiting buildings on vacant sites from a sanitary point of view.

Extract from Bye-laws of the Bangalore City Municipality.

2. Any building sites or premises in streets or lanes abandoned for a period of five years are liable to public sale under the orders of the President. After publication for six months, the money realized, if not claimed, shall be carried to the credit of the Board under the unclaimed property rules; and further, during the full period such sites may remain vacant, a mohatarfa kandayam shall be levied.

No. 3448-50—L. F. 106-95, DATED, BANGALORE, 9TH SEPTEMBER 1896.

ORDER THEREON.—The rates proposed to be levied on vacant building sites in th Mysore City Municipality are approved.

2. The tax can only be levied in the manner provided in Sections 82 to 90 of the Municipal Regulations.

3. The Government also share in the doubts expressed by the President of the Bangalore City Municipality that Bye-law No. 229 of 14th September 1871 is not consonant with the Municipal Regulations in force and therefore not valid under Section 225: but this is a matter which should be discussed at an early date at a meeting of the Board with a view to the bye-law being cancelled or withdrawn.

Para 2 of Proceedings No. 1113-4—L. F. 172-91, dated 21st July 1896.

The Deputy Commissioner now explains that the loan of Rs. 1,840 provided in the supplemental budget of Davangere for 1895-96 was shown in the accounts for 1893-91 and 1891-95 both under receipts and expenditure and that the same need not be provided for in the budget for 1895-96, in which grant-in-aid of Rs. 1,840 alone should appear as proposed by him. Government observe that the procedure adopted by the Deputy Commissioner is irregular. Under the existing orders, the annual expenditure on sanitary works in municipalities from the Sanitary budget should be treated as loan and grant-in-aid in equal proportions. The Comptroller is therefore requested to adjust accordingly the expenditure incurred from the Sanitary budget in the past three years and report the same to this office. As the year 1895-96 has already expired no alterations should be made in the provisions already sanctioned.

Letter No. 536, dated 14th September 1896 from the Comptroller in Mysore.

With reference to the penultimate clause of para 2 of Government Proceedings No. 1113-4—L. F. 172-91, dated 21st July 1896, I have the honor to state that the moiety of the expenditure incurred on sanitary works in municipalities from the Sanitary budget during the years 1893-94 and 1894-95, which were not treated as a grant-in-aid from Provincial Funds in those years, have been adjusted in the accounts for 1895-96

The expenditure for 1895-96 has been adjusted as loan and grant-in-aid in equal proportions.

Letter No. 30, dated 20th August 1896, from the Deputy Commissioner, Kadur.

I have the honor to bring to your notice that hitherto the collection of the municipal taxes of the Chikmagalur town were being made by the two shanbhogs of the fort and Basavanhalli divisions by receiving two per cent remuneration on the amount collected. This system was found not satisfactory, as without the aid of the patels of the respective divisions the collection work was not up to date.

2. The Municipal Board of the Chikmagalur town resolved in their proceedings of the 30th ultimo to divide the two per cent commission between the patels and shanbhogs in view to give the former a little encouragement. An extract is enclosed for information.

3. I therefore request that you will be good enough to obtain the sanction of Government to the method proposed by the Board.

ORDER THEREON.—The increase proposed amounting to Rs. 6 per mensem is sanctioned and will be borne by the Sringeri Matt and District Funds in the proportions of $\frac{3}{4}$ and $\frac{1}{4}$.

2. The objection of the Sringeri Matt appears to Government untenable. The dispensary was established for the benefit of the people in the jahgir; and the proportionate additional charge payable by the matt is very small, namely, Rs. 4½. It is observed that this is an item which elsewhere in the province is paid entirely from Local Funds and that the matt which enjoys the Local Fund revenue of the jahgir cannot reasonably object to pay three-fourths of it.

3. The Deputy Commissioner is requested to point out the source in the current year's District Fund budget from which the charge can be met.

Returns of "Revenue Cases" and "Miscellaneous Proceedings" filed, disposed of, and pending in the several Revenue Courts of the Mysore province for the months of January, February and March 1896

No. 2585-92—R. 953, DATED, BANGALORE, 5TH SEPTEMBER 1896.

ORDER THEREON.—The appended statement marked A, prepared in this office, shows the number of "Regular," "Original," "Appeal" and "Referred" cases filed and disposed of during the quarter under review as compared with those of the corresponding period of 1895.

2. The dates of the oldest cases pending in the Bangalore, Tumkur, Hassan, Shimoga and Chitaldrug districts are given below :—

Bangalore 7th September 1892
Tumkur 25th September 1893.
Hassan 1st July 1895
Shimoga, 9th July 1895
Chitaldrug, 3rd July 1895.

3. The Deputy Commissioners concerned are requested to arrange for the early disposal of these cases; especially the Deputy Commissioner, Bangalore district, wherein the cases dated so far back as the 7th September 1892 are still pending.

4. The Deputy Commissioners of Kolar, Mysore and Kadur have not given such dates. Their attention is drawn to para 2 of Government Proceedings No. 9646-53—R. 3726, dated 29th April 1896, regarding such omissions.

5. The disposal of petitions and miscellaneous proceedings is exhibited in the subjoined statement marked B.

6. In the returns submitted by the Deputy Commissioner, Kadur, for the month of December 1895, no case under the head "Original Revenue cases" and three cases under the head "Appeal Revenue cases" have been shown as pending disposal at the end of the month, while two cases under "Original" and one under "Appeal" have been shown as pending disposal at the commencement of January 1896. This discrepancy requires explanation.

5. No. 1—1, dated 1st July 1896, do Shimoga district.
6. No. 907—610, dated 11th May 1896, do Chitaldrug district.
7. No. 594, dated 24th February 1896, do Kadur district.
8. No. 866—S, dated 30th March 1896, do Hassan district.

No. 2594-601—954, DATED, BANGALORE, 5TH SEPTEMBER 1896.

ORDER THEREON.—The subjoined statement exhibits the dates of commencement and the completion of jamabandi work in each district together with the number of camps made by the Jamabandi Officers during the year 1895-96 :—

Districts.	Taluks and sub-taluks settled.			Number of villages dealt with	Date of commencement of jamabandi.	Date of completion of jamabandi.	Number of camps made.

Chitaldrug ...	7	2	9	1,711	14th Dec. 1895	27th April 1896	39
Kadur ...	5	1	6	Not stated.	15th Oct. 1895	5th Jan. 1896	Not stated.
Hassan ...	Details not given.						

2. The period during which the jamabandi lasted ranges from two months and twenty days in the case of the Kadur district to six months and twenty-four days in the case of the Shimoga district.

3. The reports received from the Deputy Commissioners of Hassan and Kadur, which were recorded in Government Proceedings Nos. 9321-8—R. 3602, and 9348—R. 3612, dated 11th and 12th April, respectively, do not furnish all the details under the different heads noted in the above statement. The Deputy Commissioner of Hassan does not even state when the district jamabandi was commenced and when it was completed finally. Attention is drawn to Government Proceedings No. 16445-52—R. F. 2-93, dated 5th April 1893, directing that the jamabandi should begin immediately after the Dasara holidays and be completed with the expedition consistent with efficiency.

4. The work to be done by Jamabandi Officers cannot be too minutely defined. The inspection of field boundary marks, avenue trees and of tanks and other irrigation works forms one of their principal duties. The examination of village accounts including those of alienated villages, the disposal of takrar takhtas and darkhasts of a special nature, the settlement of disputes regarding the transfer of pattas and a thorough examination of the demand, collection and balance of every item of Government revenue must engage their special attention. It is also very desirable that during this time Government waste lands bordering on cultivation, as also the dry lands possessing irrigational facilities should be methodically inspected so that unauthorized encroachments and surreptitious use of Government water may be detected. A few of the lands resigned during the year may also be inspected with advantage to see whether they have been cultivated after they were relinquished.

5. Every officer holding the jamabandi must send a full and intelligent report describing his work in the taluk, and the Deputy Commissioners will do well to review the reports from the Jamabandi Officers and submit them with their own reports for the information of Government.

The form of the statement given below may be adopted in future:—

Name of taluk or sub-taluk.	Number of villages settled.	Name of officer who settled the jamabandi.	Date of commencement of jamabandi.	Date of completion of jamabandi.	Number of camps.	Remarks.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of districts.

3. In the Hassan district, there were 76 darkhasts of three years and upwards, while in Kadur this number was 58. Heggaddevankote and Mysore towns had, respectively, 14 and 9.

4. The Deputy Commissioners concerned are requested to direct their attention to this large number of pending darkhasts and to take prompt measures for their early disposal.

5. The returns from Hassan and Mysore were not fully received till the 14th and 20th July. It is hoped that the Deputy Commissioners will in future send their returns punctually so as to reach this office on or before the 20th of the month following the quarter to which they relate in the form prescribed in para 3 of Government Proceedings No. 152-9—R. F. 67-95, dated 7th July 1896.

No. 2808-15—R. 1018, DATED, BANGALORE, 10TH SEPTEMBER 1896.

ORDER THEREON.—From the communications read above, Government observe that there is no uniformity of practice as regards the confirmation of sales of building sites by Amildars and are, therefore, pleased to lay down the following rule :—

"Amildars and Deputy Amildars, may, subject to appeal or revision, confirm sales of building sites up to a limit of Rs. 10, provided that all cases in which sites are proposed to be granted for an upset price instead of by public auction, shall be reported for the orders of the Deputy Commissioner."

The Deputy Commissioners are expected to exercise a close supervision over the proceedings of Amildars and Deputy Amildars under this rule. Even when there is not an appeal, the District and the Sub-Division Officers should exercise their power under Section 217 of the Land Revenue Regulation, and, from an occasional examination of the records of such proceedings, satisfy themselves that the interests of Government have been properly cared for by the taluk officers.

There has been a delay of more than five years in the transmission of this darkhast which should be duly taken notice of by the Deputy Commissioner. More than once the papers were returned from the Deputy Commissioner's office for the supply of small omissions and equally unimportant information which might and ought to have been obtained in the first instance. The reference was finally received in the Deputy Commissioner's office on 14th September 1895, but the Deputy Commissioner's order was not obtained thereon till 24th July 1896. This delay has not been explained and indicates that work in the District office is not progressing as promptly as it should.

Correspondence ending with letter No 21, dated 7th August 1896, from the Government Advocate—

With reference to your letter No 1234—R 461 dated 3rd instant I have the honor to state that under Rule XVI as amended in paragraph 2 of the Proceedings of the Government No 10731 9—R F 109-92 dated 20th December 1894, if default is made in the construction of the well, the amount of the preliminary advances authorized by this rule will be recoverable from the applicant as arrears of revenue But when the work is not completed, having had to be abandoned owing to causes beyond the applicant's control, such as no water being found, the expenditure incurred shall be borne by Government

If default is due to the applicant, the advance made to him can be recovered as arrears of revenue Under Section 191 of the Revenue Code such arrears can be recovered as if they were arrears of Land Revenue due by the person to whom the advance was made As the defaulter has applied to be declared an insolvent his property can be proceeded with under the provisions of the Land Revenue Code, and even if he is declared an insolvent under Section 356 of the Code of Civil Procedure, the Deputy Commissioner has to deal with the property of the insolvent under Sections 322 to 325 of the Code of Civil Procedure, both inclusive.

Under Section 321 A of the Code of Civil Procedure he can recover all debts and liabilities due to the Government in respect of the property of the insolvent and send the balance to the Court

The enclosures are herewith returned

Letter No 728 dated 16th December 1895, from the Superintendent, Revenue Survey in Mysore, submitting, with reference to a doubt entertained by the Deputy Commissioner of the Mysore district, the question of the applicability or otherwise of Section 133 of the Land Revenue Code to Inam villages to which the provisions of Chapters VIII and IX have been extended by the Government

(2) Letter No. 139, dated 7th March 1896, from the Government Advocate.

(3) Letter No 417, dated 27th August 1896, from the Deputy Commissioner of the Mysore district, stating that Section 133 of the Land Revenue Code applies to Inam villages, to which the provisions of Chapters VIII and IX have been extended but that he was not aware when he made the reference to the Superintendent, Revenue Survey that those chapters had been so extended in the case of the Inam village of Yadikola in the Mysore taluk.

No 3021-30—R F. 40-96, DATED, BANGALORE, 17TH SEPTEMBER 1896.

ORDER THEREON.—Government are surprised that before refusing to enforce the provisions of Section 133 of the Land Revenue Code, the Deputy Commissioner should not have informed himself of the fact that by Notification No 376 of the 29th June 1891, the provisions of Chapters VIII and IX of the said Code had been extended to the Inam village in question. He is now requested to give effect to the same, as the provisions of Section 133 are certainly applicable to Inam villages, to which Chapters VIII and IX of the Land Revenue Code have been extended.

No. 3084-91—R. F. 2-96, DATED, BANGALORE, 19TH SEPTEMBER 1896.

ORDER THEREON.—The Deputy Commissioners of Bangalore and Tumkur state that the instalments due by each individual who has received a loan under the Irrigation Wells Rules of 1891 have been duly entered in the khate and that arrangements have been made for their collection. The Deputy Commissioner of Kolar reports that in many cases the instalments have been entered in the respective khates and the Amildars directed to pay strict attention to the same. The Deputy Commissioner of Chitaldrug submits that it is reported that in the Harihar sub-taluk the increases on account of instalments have been entered in the khates of the individuals concerned and that such is not the case in the Hiriyur and Davangere taluks, and that orders have been given to all the Amildars to secure uniformity of procedure in this respect. The report from the Deputy Commissioner of Shimoga gives no information on this point.

2. Government are of opinion that this is a matter which requires strict attention and careful scrutiny. The Deputy Commissioners and Jamabandi Officers are accordingly requested to take an early opportunity of satisfying themselves by actual test, to the necessary extent, that the instalments due have been regularly brought on the khates and recoveries made punctually. Government would like to have a detailed report on the subject as soon after this year's Huzur jamabandi as may be practicable.

Letter No. 732, dated 5th February 1892, from the Superintendent of Revenue Survey in Mysore, submitting, as called for in this office No. (C) 981, dated 31st December 1891, proposals as to how the extra stationery allowance proposed in Government Proceedings, Camp No. 940-48, dated 29th December 1891, to be granted to shanbhogs for preparing the village accounts in the new forms prescribed by the Rules under the Land Revenue Code, should be calculated.

No. 3125-33—R. F. 53-96, DATED, BANGALORE, 19TH SEPTEMBER 1896.

ORDER THEREON.—Government concur in the view taken by the Survey Superintendent that there can be no better way of granting to the shanbhogs the extra stationery allowance intended to be given to them for preparing the village accounts in the new forms than by revising their stationery allowance villagewar instead of chargewar; but are at the same time of opinion that the rate of increase in the allowance should be '35 per cent instead of 50 per cent as proposed by the Survey Superintendent, considering the additional advantage gained by calculating it villagewar. After the revision of the allowance is effected as above, the Deputy Commissioners will be informed of the cost of obtaining printed forms of the village accounts, and instructed to use their influence in getting the forms utilized by the shanbhogs.

2. The attention of the Survey Superintendent is invited to Government Order No. 2477-85—R. 908, dated 3rd September 1896, directing the revision of the potgi settlement in taluks in which such settlement was made more than ten years ago, with a request that he will take this opportunity of revising also the stationery allowance of the shanbhogs on the lines indicated above.

Letter No. 130, dated the 8th August 1896, from the Deputy Commissioner, Tumkur district, enquiring if any rule has been laid down for the purpose of determining whether lands taken up under the rules are *entirely planted up* within the prescribed time of five years, and soliciting instructions as to the number of plants to be planted on each acre of land granted under the rules referred to above.

No. 3163-72—R. F. 182-92, DATED, BANGALORE, 21ST SEPTEMBER 1896.

ORDER THEREON.—The question as to whether a given area is entirely planted up or not has to be settled with reference to the practice locally prevailing in regard to the planting of cocoanut and arecanut trees. The present rules leave it to the Deputy Commissioners of districts to decide the minimum number for each acre according to their discretion. But if it is desirable that the Government should fix such minimum, the Deputy Commissioners are requested to favor the Government with their opinions, and to propose what minima they would lay down for their districts or portions thereof. The Superintendent of Revenue Survey is also requested to favor the Government with his opinion on the point raised by the Deputy Commissioner of Tumkur.

Letter No. 106—97, dated 10th August 1894, from the Deputy Commissioner, Chitaldrug district.

I have the honor to state that land No. 12 situate at Mahajenahalli of the Harihar sub-taluk is a service inam land attached to the office of shanbhog. A portion of it, measuring 8 acres and 34 guntas and assessed at Rs. 16, of which Rs 12 represent the jodi fixed thereon, was in the possession and enjoyment of one of the *hissedars* named Hariyappa. A few years back, he seems to have transferred possession of that portion to one Kasappa from whom he borrowed a sum of Rs. 100 on the security thereof In execution of a decree obtained upon a document other than the one relating to the said transaction, Kasappa has now placed the above-mentioned land under attachment.

2. On 19th December 1893, Hariyappa is reported to have hypothecated the said land to one Timmappa for Rs. 300 under a registered document Timmappa's application resisting the above attachment comes on for hearing in the Honnali Munsiff's Court on the 14th instant.

3. Both the attachment and the hypothecation above referred to are open to objection the land being an unenfranchised and inalienable service inam.

4. In a similar case, the Government ordered a petition to be filed objecting to the attachment placed at the instance of a judgment-creditor (Proceedings of Government No. 4978-88, dated 20th June 1892, and Proceedings of Government No. 11968-76—R F. 244-92, dated 9th January 1893). As the attachment in the present case was made so far back as on 12th April last, and as it is desirable that an objection should be taken to it before it is too late, I have, in anticipation of Government sanction and in reliance upon the authority quoted above, authorized a pleader of the Honnali Munsiff's Court to at once prefer a claim under the provisions of the Code of Civil Procedure. The result will be intimated to Government in due course.

5. The hypothecation in favor of Timmappa being invalid and this being the second instance of such illegal alienation of the land by Hariyappa, I beg to recommend that the land be resumed by Government, and after being assessed to full revenue be disposed of by sale or otherwise (*Proceedings of Government No. 16491—J 917, dated 22nd March 1893, para 3*).

6. The vernacular papers bearing upon the subject are herewith submitted.

In reply, has the honor to submit herewith copy of order made by the Munsiff of Honnali in execution application No 485 of 1893 94 and received in this office on the 11th instant with his No. 24, dated the 10th instant.

ORDER

As the attached land No 12 appears to be a service inam land, it is not liable to attachment and sale in satisfaction of Judicial decree under the Proceedings of the Government No. 4978-88, dated 20th June 1892.

It is accordingly released from the attachment of this Court in Original Suit No 40 of 1890, on the file of this Court. The decree holder should bear the costs of the Government in this case.

No. 3229-36—R. F. 244-92, DATED, BANGALORE, 21ST SEPTEMBER 1896.

ORDER THEREON.—Government observe that the conversion of the official inam land into ordinary kandayam tenure is not the proper remedy in cases like the one now brought to notice, as by such conversion the object for which these service inam lands have been granted will be defeated. It is, therefore, advisable that the shanbhog and his heirs should be threatened with dismissal, if they allow the official land to continue encumbered and remain in the possession of strangers. These lands in the hands of strangers are also liable to be summarily resumed. The Deputy Commissioner will intimate this order to the shanbhog and to the mortgagee in possession and submit a further report if further action is deemed necessary.

2. There has been a general increase of Rs. 1,28,741 under total demand in all the districts except Chitaldrug.

3. Under collections there is an increase of Rs. 2,50,696 due partly to the increase in demand and partly to the realizations of arrears to a large extent.

4. The percentage of balance on the entire demand was as follows :—

Districts.	1894-95.	1895-96.
Mysore	13·5	7·6
Hassan	10·8	5·2
Chitaldrug	17·6	4·2
Kolar	7·5	4·0
Bangalore	3·5	2·4
Tumkur	6·6	1·7
Shimoga	2·2	·8
Kadur	2·2	·3

5. The balances outstanding in the Mysore, Kolar, Bangalore and Hassan districts are heavy. The attention of the Deputy Commissioners concerned is drawn to the Government Proceedings No 974-82—Ex. 45, dated 24 h July 1896, and they are requested to take early steps to collect the arrears.

No. 2781-9—Ft. F. 150-95, DATED BANGALORE, 8TH SEPTEMBER 1896.

ORDER THEREON.—In October 1890 the members of the Dasara Representative Assembly suggested that the Minor Forest Produce, now sold in April and May, should be sold later on in the year when the trees are in bearing, as it would help intending purchasers to judge better what they might offer at auctions, and that bees' wax, honey, horns and the like might continue to be sold in April and May as at present. The question was referred to the Inspector General of Forests and the Deputy Commissioners of districts for report as to the period of the year when the produce is available for collection, the amount realized during the past five years and the time at which the produce is sold at present; and they were asked to express their views and proposals for the realization of the best revenue under this head.

2. The information furnished by the Deputy Commissioners of districts in regard to the amounts realized, the period when the produce is collected and the time when it is sold, is embodied in the following abstract statement.

At the time of *kalbanni* sales between July and September, except in the Hiriyur taluk where the products are sold in April and May.	January to March—gallnut, honey, gum, nellikayi, marking nut, honge and soapnut, March to May—lac, July and August—honge leaves and patanga, September and October—magalibera, November and December—geru, bikke, hore, at all times—maddichakke, byaladachakke, and Somé chakke.	

3. With regard to future sales of produce, the Deputy Commissioners of Kolar, Tumkur and Mysore are of opinion that the present practice of holding them in April or earlier should be adhered to, as it saves Government the trouble and expense of continuous watch over a widely scattered area; enables the purchaser to employ the best precautionary measures and exercise all his rights for almost the full year at his disposal; and does not prevent an idea of the yield being formed when the trees are in blossom. According to the Deputy Commissioner of Kadur, minor produce in that district is now sold at a time when the trees are in bearing, but might with advantage be sold even earlier, *i. e.*, in April and May. August is preferred by the Deputy Commissioner of Hassan; while the Deputy Commissioner of Shimoga would hold the sales in season, a month or two before the harvest. The Deputy Commissioners of Bangalore and Chitaldrug are for selling the Minor Forest Produce along with the sales of *kulbanni*, as likely to attract more bidders.

4. The Conservator of Forests states that the existing practice of selling the produce on different dates as suited to each locality is based on correct principles and that therefore no change is necessary. In his opinion the Deputy Commissioners and the District Forest Officers may be trusted to do the needful so as to obtain the highest possible amount of revenue to Government.

5 Government concur in the views expressed by the Conservator of Forests and consider that no change in the existing practice seems called for.

Submitting explanations for the decrease in the estimates of Forest revenue during 1895-96.

No. 2909-12—Ft. F. 116-95, DATED, BANGALORE, 16TH SEPTEMBER 1896.

ORDER THEREON.—In the Government Proceedings quoted above, the Deputy Commissioners of Kadur, Bangalore and Shimoga were requested to explain the large decrease of Rs. 63,084, Rs. 23,450 and Rs. 1,98,093, respectively, in the estimated jamabandi under "Forests" for the year 1895-96.

2. In the Kadur district the decrease is attributed to the absence of good bids at the annual auction sales of sandal and of contract for railway sleepers during the year. In the Bangalore district the realization from sandalwood sales during the previous year 1894-95 was abnormal, the estimated revenue under "Firewood and charcoal" in the Plantation Department was by an oversight excluded from the figures for 1895-96. In the Shimoga district, the estimated jamabandi for 1895-96 was based on the estimated revenue and not on the actuals of 1894-95. The actual realizations during the year 1895-96, however, exceeded the budget estimate by Rs. 50,838 chiefly under "Sandalwood", but the decrease as compared with the actuals of 1894-95 was due to the completion of railway sleeper work before the year 1895-96.

3. The Government are pleased to accept the above explanations.

(1) Letter No. 973, dated 13th June 1896 with its enclosure, from the Deputy Commissioner, Tumkur district :—

I have the honor to submit for the information and orders of Government copy of the marginally noted correspondence with the Comptroller regarding money held by Civil Officers as imprest on account of Marahmat, Municipal, District Fund and other works. The Comptroller has directed that such imprests should on no account be shown in the Treasury accounts ; that they should be held by the Civil Officers on their own responsibility and that they should make their own arrangements for the safety thereof. These orders seem to me to be opposed to the Government orders conveyed in para 10 of Proceedings No. 19512-20—G. F. 353-92, dated 20th May 1893, wherein it is distinctly laid down that no money should be kept out of the Treasury accounts.

From the Comptroller,	docket	No. 3458, dated 20th December 1895.
To	do	No. 1055, dated 6th February 1896.
From	do	No. 5461, dated 8th April 1896.
To	do	No. 341, dated 22nd May 1896.
From	do	No. 6399, dated 1st June 1896.

2. It is not possible for the Civil Officers to arrange for the safety of the imprest money in their hands, if it is not to be kept in the Treasury. If it is not to be shown in any Treasury account, there is every probability of a wide door being opened for embezzlement.

No. 3458, dated 20th December 1895. In forwarding herewith an extract from the Revenue Deposit Register of accounts of his district for the month of September 1895, has the honor to point out that the items therein are kept under deposit against Codal rules, and to request that immediate steps may be taken for the adjustment of the items and the extract statement re-submitted with his replies.

Miscellaneous No. 1055, dated 6th February 1896. His docket No. 3458 of the 20th December 1895, forwarding an extract from the Revenue Deposit Register of accounts of this district for the month of September 1895, and requesting the speedy adjustment of the items shown therein.

With reference to the above, has the honor to state that the items in question which relate to the imprest amount of minor tank works cannot be adjusted at once for the following reasons. The amount required for expenditure in every month on account of pay of the Public Works Department officials lent to the Revenue Department as well as for the repairs of minor tanks and buildings is applied for and obtained from the Public Works Department by means of a cheque issued by the Executive Engineer, Tumkur division. On receipt of the cheque, the amount is drawn by the undersigned and placed in the District Treasury under the head "Revenue Marahmat Deposit." When requisitions are received from the several taluks for the sums required for expenditure, the District Treasury Officer is requested to forward the sum to those taluks, out of the sum placed under "Revenue Marahmat Deposit." The taluk authorities after the receipt of the cheque from the District Treasury draw the amount and hold the same under the head "Revenue Marahmat Deposit," and utilize the same for the pay of the Tank Inspectors and also for the payment of sanctioned bills for works executed. This arrangement has been in force for the last eight or nine years.

2. If these moneys are not to be shown in the Deposit Register, the undersigned will feel obliged by being informed under what other head they are to be shown in the accounts.

No. 5461, dated 8th April 1896. His docket No. 1055 of 6th February 1896, relating to the amount of imprest of minor tank works, &c, has the honor to observe that the amount held by the Civil Officers for Department of Public Works expenses should be shown as imprests in the Treasury accounts and should not be credited to Revenue Deposits.

As regards the cheques received for Department of Public Works establishments lent to Civil Department they may be cashed when the time for payment comes or the Executive Engineer may be called on to issue separate cheques for the officials and subordinates in the taluk and one cheque for the establishment at the district head-quarters.

No. 341, dated 22nd May 1896. His docket No. 5461 of 8th April 1896, addressed to the Deputy Commissioner stating that the amounts held by Civil Officers for Department of Public Works expenses should be shown as imprests in the Treasury accounts and should not be credited to Revenue Deposits.

Referring to the above, copy of which has been received from the Deputy Commissioner for information and guidance, has the honor to point out that no separate heading exists in the Treasury accounts for showing the money in question as "Imprests" and requests to be informed if a new head can be opened for the purpose.

No. 6399, dated 1st June 1896. With reference to his docket No. 341, dated 22nd ultimo, requesting to be informed whether a new head can be opened in the treasury account for crediting the imprest amount held by Civil Officers, has the honor to state that these amounts should be held by the Civil Officers apart from the Treasury balance and on their own responsibility as other imprests such as Municipal and District Fund imprests, and they should make their own arrangements for the safety thereof. They should on no account be shown in the Treasury accounts as erroneously stated in this office No. 5461, dated 8th April 1896.

The above should be strictly observed in future.

(2) Correspondence ending with letter No. 891, dated 3rd August 1896, from the Comptroller to the Government of Mysore.

In reply to your docket No. 740—G. F. 353-92, dated 20th July 1896, I have the honor to state that the Deputy Commissioner's proposal to bring the imprests held by Civil Officers on the Treasury account cannot be accepted. These imprests are now held separately.

The Municipal imprests appear in Municipal Accounts and the Marahmat imprests appear in accounts rendered to the Department of Public Works: what is objected to by this office is the practice of crediting these amounts to deposits in the Treasury accounts and operating upon them as current account. I have no objection to place these moneys in separate cash chests under lock and seal of the imprest-holder in the Treasury chamber for safe custody, the Treasury being responsible only for the seal being intact. Department of Public Works' subordinates and officers hold very much larger amounts as imprests on their own responsibility without any risk.

No. 2799-807—Fl. 214, DATED, BANGALORE, 9TH SEPTEMBER 1896.

ORDER THEREON.—Government agree with the Comptroller and direct the strict observance in all the Treasuries of the procedure suggested by him in the last of the letters read above.

Letter No. 1335, dated the 21st August 1896, from the Comptroller to the Government of Mysore.

With reference to your docket No. 1723—Fl. 130 of 14th August 1896, requesting to draw up a form of cheque for use by the Agricultural Banks, I have the honor to enclose a form of *chalan* to be used by the Banks for remittances to the Treasury under Rule 40 of the Articles of Association, as also two forms of cheques, one to be used by the President and Agent of a Bank for withdrawals of moneys from the Treasury for Bank purposes and for payment to parties applying for loans, the other to be used by parties who may open an account with the Bank, i r, Rule 37 of the Articles of Association, if the term "deposits" used therein is intended to include current deposits.

Under Rule 40 of the Articles of Association, the Directors are empowered to lodge, either in a Treasury or Government Savings Bank, the excess over the cash balance limit prescribed; if lodged in the former the amount so remitted will be credited to the Loan account and the cheque prescribed for drawing moneys from the Treasury may be used, but, if in the latter, the amount of deposit will be operated upon according to the Savings Bank Rules.

Enclosures received with the docket under reference are herewith returned.

Correspondence ending with letter No. D. 151, *dated 12th August 1896, from the Deputy* Commissioner, Bangalore district, relative to the revision of the Kotvals' establishment at Bangalore

No. 2823-24—Fl. 215, DATED, BANGALORE, 10TH SEPTEMBER 1896.

ORDER THEREON.—The Deputy Commissioner of Bangalore reports that the Kotval's establishment of the Bangalore city is very much underpaid considering the heavy and responsible duties of supplies, &c., devolving upon it, and proposes that the pay of the kotval be raised from Rs. 12 to Rs. 20 and that of the two dandies from Rs. 4 to Rs. 6 each. Towards the increased cost he suggests that the pay of Rs. 8 of the kotval of the 2nd class travellers' bangalo at Yelahanka may be utilized, that appointment being abolished as the remaining establishment is sufficient for the requirements of that bangalo under present circumstances.

8. Visvanathapura.

2. Ramachandraiya and seventeen others propose to establish the Bank for the benefit of the eight villages noted on the margin, six of which are in the Devanhalli taluk and two in the Doddaballapur taluk. The members own 542 acres of land, of which 355 acres are inam. The aggregate value thereof is estimated at Rs. 28,146 with a liability of Rs. 2,975.

3. The members propose to start the Bank with a capital of Rs. 20,000, but the Deputy Commissioner thinks that an advance of Rs. 10,000 is sufficient. Government accordingly sanction an advance, not exceeding Rs. 10,000, being made for the Agricultural Bank referred to above, and authorize the Deputy Commissioner to place the said amount for the purpose in the Devanhalli taluk. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

No. 2381-83—R. F. 111-95, DATED, BANGALORE, 15TH SEPTEMBER 1896.

ORDER THEREON.—S. V. Ramakrishnappa and fifteen others apply for the establishment of an Agricultural Bank called "Sri Kesavaswami Agricultural Bank" at Vadigenhalli in the Devanhalli taluk. The Bank is intended for the benefit of the raiyats of Vadigenhalli and twenty other villages in the Devanhalli taluk, and Patalammanahalli and four other villages in the Sidlaghatta taluk, Kolar district. There are sixteen members, all of whom are reported to be respectable and solvent. The value of the property owned by the members is estimated at Rs. 16,565 with a liability of Rs. 1,547. The Deputy Commissioner's recommendation for an advance of Rs. 10,000 being made for the proposed Agricultural Bank is sanctioned, and he is authorized to place the said sum of Rs. 10,000 in the Devanhalli Taluk Treasury for the purpose of being drawn as occasion arises. Interest at 4 per cent per annum should be recovered from the Bank up to 30th June and 31st December of each year on the sums actually borrowed by the Bank.

The Memorandum and Articles of Association to each of which the signature of the members should have been obtained will be returned to the Deputy Commissioner with a request that he will take steps to get the same duly registered.

Proceedings of the Government of Mysore,

READ :—

(1) Petition of appeal No. 2721—157 of 1894-95, presented by Huchu Sab of Joladhal, Chikmagalur taluk, *against the order of the Deputy Commissioner, Kadur district, fining* petitioner for encroaching upon survey No. 29 of Hehole, and for removing certain boundary stones.

(2) Memo and records received with the Kadur Deputy Commissioner's docket No. 40, dated 15th July 1895.

No. 2495-502—Pet. F. 10-96, DATED, BANGALORE, 2ND SEPTEMBER 1896.

ORDER THEREON.—The facts of this case are fully stated in the memo received with the Deputy Commissioner's docket No. 40 of 15th July 1895, and are briefly as follows :—

2. The petitioner owned survey No. 62 in the village of Joladhal, and adjoining it is the reserved gomal No. 29 of the Hehole village. The petitioner included a little more than one acre of the latter in his holding. This he admitted, but refused to give it up. The Jamabandi Officer fined him fifteen rupees and ordered him to quit the land encroached upon. Instead of obeying this order, he extended his encroachment and dug up a trench. It was also found that three of the boundary mark stones were missing, and that a new earthen bandh had been put up. The matter came up before the Deputy Commissioner and he decided that the petitioner should pay up the assessment at Re. 1 per acre of the whole gomal number extending to 300 acres. He also found him guilty of having removed three stones, and for each of them fined the petitioner at the rate of fifty rupees. Thus the petitioner's fine amounts in all to (324+150)=474 rupees. The exact extent encroached upon by the petitioner in the second year in survey No. 29 is not clear from the records of the case. He has been ordered to quit this land.

3. Section 133 of the Land Revenue Regulation is as follows :—

"Any person convicted after a summary enquiry before the Deputy Commissioner * * * of wilfully erasing, removing or injuring a boundary mark or unauthorizedly erecting a boundary mark, shall be liable to a fine not exceeding fifty rupees for each mark so erased, removed, injured or erected."

4. The Deputy Commissioner has written an English order and seems to have heard one Sinappa, a Pleader for petitioner. The rest of the facts relied upon-for supporting the conviction have been either reported upon by subordinate officers, or are mentioned in the mahazars executed before them. The Deputy Commissioner does not seem to have held any enquiry into these matters. Section 203 of the Land Revenue Regulation lays down the procedure to be observed in a "Summary Inquiry," according to which "the presiding officer shall himself, as any such inquiry proceeds, record a minute of the proceeding in his own hand in English or Kanarese, embracing the material averments made by the parties interested, the material parts of the evidence, the decision and the reasons for the same." The Deputy Commissioner has not followed this procedure, and the fact therefore remains that no legal evidence has been recorded by the Deputy Commissioner to show that any stones are missing. This is an irregularity which affects the essence of the case, and in the absence of legal evidence, the only conclusion which can be adopted is that there is no legal proof to convict the petitioner of an offence under Section 133. The only course left upon for the Government to follow is to reverse the conviction and order the refund of the fine.

5. Regarding the encroachment, it is clearly established, nay admitted by the petitioner himself, that he did include a portion of survey No. 29. The plea of ignorance of his own limits is inadmissible. The petitioner has shown a contemptuous disregard of the local authorities in not only refusing to give up the excess land in the first year, but in persisting in his unlawful act and digging a trench with the result of including more land in the second year.

6. The petitioner does, no doubt, under the circumstances, deserve exemplary punishment, and his eviction from the land on which he has evidently spent much labor and capital, will, in his case, be a very severe punishment. From the record of 1885, it appears that the petitioner is a poor man and the fine of more than Rs. 300 inflicted upon him appears too heavy. This fine is reduced to thirty rupees. With this modification the order of the Deputy Commissioner is confirmed and this appeal dismissed. Petitioner should not be allowed to obtain even by darkhast any portion of the gomal land No. 29.

ORDER.—There have, of late, been numerous instances, in which, contrary to the orders in force, petitions for appointments, promotions, &c., from subordinate Government officials, have been submitted direct to Government. This is subversive of all discipline. The Notification noted in the margin will be re-published in the *Mysore Gazette* for general information.

Notification No. 190, the 11th July 1883.
Petitions for appointments, promotions, and re-instatements and higher pensions, from subordinate Government officials, are frequently presented direct at the Dewan's office. Such petitions cannot receive any attention. They must be submitted through the Heads of the various Departments, or, when a Department to which a petitioner belonged, has been abolished, through the Head of the Department who has been directed to find employment for him.

Proceedings of the Government of Mysore,

(1) Kadur Division Executive Engineer's No. 24 of 30th January 1896 submitting project amounting to Rs. 1,60,000 for the construction of a masonry bridge of nine arches of 50 feet span across the Bhadra river at Tadasa on the Tarikere-Mangalore road.

(2) Public Works Secretary's Notes of 24th March and 17th July 1896 submitting the above project for sanction of Government but reducing its cost to Rs. 1,40,906 by adopting splayed wings instead of the straight wings designed by the Executive Engineer.

No. 810-12—5110-12, DATED, BANGALORE, 25TH SEPTEMBER 1896.

ORDER THEREON.—The necessity for this bridge has been often and loudly urged by the planters and agriculturists of the malnad, both European and Mysorean, and the subject has more than once been prominently brought to notice at the annual Dasara Representative Assemblies. It is proposed to construct the bridge on Tarikere-Mangalore road near the village of Tadasa about four miles from Yedahalli. The difficulties met with in travelling over this unbridged road are very great, and the methods now adopted for crossing the river are attended with danger. The proposed bridge would, therefore, be an immense relief to the heavy cart and passenger traffic on this road, while it will remove for ever a formidable obstacle to free inter-communication in a part of the country where facilities for travelling and traffic do not abound. Another important point in favor of the bridge is that the ordinary produce or trade of the country will follow the stright line to Tarikere from Yedahalli and *vice versa*. This bridge will complete the system of great bridges designed to afford easy access from all sides to the Koppa range, which is fast growing in importance.

II. After a most careful consideration of the project, Government have arrived at the conclusion that the need for this bridge is not likely to be superseded by the Birur-Shimoga Railway about to be constructed, and after duly weighing all the circumstances brought forward in the previous para, have decided to sanction the project submitted by the Chief Engineer, amounting to Rs. 1,40,906.

III. The Government direct that a toll should be imposed upon this bridge, as also upon the newly constructed ones at Hariharpur and Balehonnur, and the Deputy Commissioner is requested to take the needful steps in the matter.

C. BOWEN, *Colonel,*
Secy. to the Govt. of Mysore, P. W. D.

To—The Deputy Commissioner, Kadur district, for information and communication to the North East Planters' Association.
The Secretary to the Government of Mysore, General Department.
The Executive Engineer, Kadur division, with the sanctioned project.

3	2534 / Ex. 88	4	Excise Comr. ...	Returning as requested the records relating to the enquiry into the claim to toddy revenue of sarvamanyam Gurupanahalli village, Goribidnur taluk.
4	2593 / Ex. 90	5	Do ...	Recording the return of the stock of spirits at the Government Distillery for the fortnight ending the 15th August 1896.
5	2602-3 / Ex. 91	5	Do and Comptr....	Recording copy of a statement showing the amount of toddy revenue advanced to certain inamdars in the Mysore district.
6	2616-17 / Ex. 93.	5	Do ...	Sanctioning a reward of Rs. 50 to Supervisor Ranganatha Mudahar, Rs. 15 to constable Imam Sab and Rs. 10 to arrack shop-keeper Baba of Ajjampur, in consideration of their services in the successful detection of cases of illicit distillation in the taluks of Holalkere and Shimoga.
7	2582 / Ex. 89	7	Comptroller ...	Stating that no information is forthcoming in this office as to the disposal of the batta bills for Rs. 275-7-0, being the amount of actual expenses incurred by the late Special Excise Assistant Commissioner Mr. McDonnell and his establishment during his trip to Madras on special duty, and requesting him to report whether there is any reference in his office to show that payment has been made in connection with the said bills.
8	2655 / Ex. 94	7	Excise Comr. ...	Requesting the early submission of the D. C and B returns of abkari revenue and of local cess thereon, due for the year 1895-96.

Serial No.	Proceedings. No.	Proceedings. Date.	Proceedings. To whom sent.	Subject and Order.
9	2679 R. F. 144-93	7	Excise Comr. ..	Observing that the grant of lands containing date trees for cultivation purposes in the Chamrajnagar taluk does not seem to be advantageous since the assessment secured in each case is far too low when compared with the approximate amount shown as realisable from date trees, and that it is doubtful if the entries under column 7, of the statement submitted by him of the lands referred to, do really represent the probable annual toddy rental from the trees or only the value of the trees if sold, and requesting him to obtain and forward the Deputy Commissioner's explanation on the point.
10	2664 Ex. 95	9	Excise Comr. ..	Requesting that the reports of the Deputy Commissioners regarding the consignment of British toddy through the Mysore territory may be submitted.
11	2817-18 R. F. 62-92	12	Do, & Comptr. ..	Sanctioning the remission of the irrecoverable balance of Rs. 1,594-9-4, together with interest amounting to Rs. 294-14-2, due by Ramji Row, toddy contractor of the Kolar taluk, for the year 1892-93.
12	2819-20 Ex. 98	12	Do ...	Sanctioning the remission of the irrecoverable balance of Rs. 2,393-7-1 in favor of Lokaiya Naidu and others, defaulting toddy vend farmers of the Arsikere and Kodihalli circles of the Arsikere taluk for the year 1892-93.
13	2871-72 Ex. 99	12	Do ..	Sanctioning the remission of the irrecoverable balance of Rs. 1,040-8-3, in favor of the defaulter Ramanna, toddy vend farmer of five circles in the Arkalgud taluk, for the year 1892-93.
14	2899 R. F. 195-92	14	First Asst.toResdt.	Stating that the Comptroller, Mysore Government, has been instructed to pay into the Resident's treasury Rs. 4,903-13-5, being th e amount of toddy revenue payable to the Civil and Military Station, Bangalore, for the quarter ending 30th June 1896, calculated on the proportion of actual consumption of toddy.
15	2900 R. F. 195-92	14	Comptroller ...	Forwarding copy of the above with a request that he will arrange for the payment of Rs. 4,903-13-5 into the Resident's treasury.
16	2901 R.F. 195-92	14	Excise Comr. .	Forwarding copy of the above with reference to his letter No. 1355—109, dated 28th August 1896.
17	2959-60 Ex. 104	15	Do, & Comptr. ...	Sanctioning an estimate for Rs. 160-12-6, being the cost of 35 peons' badges, and of belts for 16 peons newly entertained in the Deputy Commissioners' offices as per Government Order No. 11251-2—Ex. 37, dated 29th June 1896, and 16 peons entertained under Inspectors of the amalgamated Executive Staff of the arrack and toddy branches.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
18	2967-68 R.F. 257-92	15	Excise Comr., & Comptr.	Sanctioning a refund bill for Rs. 233-12-9, being the amount of arrack rental due to the inamdars of the Bangalore district for the year 1894-95.
19	2969-70 R.F. 257-92	15	Do .	Sanctioning a refund bill for Rs. 244-12-10, being the amount of arrack rental due to the inamdars of the Bangalore district for the year 1895-96.
20	2971 Ex. 107	16	Excise Comr. ..	Recording the Excise Commissioner's letters reporting upon the results attained by adopting the Bombay system of tapping the date trees, and stating that on a careful study of the method he is satisfied that the said system is in every way injurious to the trees, with the observation that Government are not prepared to direct the introduction of the Bombay method in supersession of the method obtaining in Mysore.
21	3011-12 Ex. 108	17	Excise Comr., and Comptr.	Sanctioning the remission of Rs. 516-15-6, being the irrecoverable arrears of rental due by one Dandin Karia, toddy vend farmer of Vobalapura and three other farms in the Challakere taluk, for the years 1891-92 and 1892-93.
22	3031 Ex. 109	17	Excise Comr. ...	Requesting him to state whether the figures given in the column of "Estimated revenue from date trees" in the statement of lands containing date trees given out for cultivation in the Hassan district, during the quarter ending 30th June 1896, are correct in the case of survey No. 103 of the Kodihalli village, Channarayapatna taluk, and of survey No. 32 of the Upparahosahalli, Holé-Narsipur taluk, and, if so, to report the circumstances under which the lands were granted for cultivation
23	3032 Ex. 110	17	Do ..	Forwarding a second petition from Edmund McDonnell, son of the late Mr. J. G. McDonnell, retired Special Assistant Commissioner, and desiring that the Excise Commissioner will find it possible to help the young man at an early opportunity.
24	3048-49 Ex. 111	17	Do ...	Recording his letter submitting copy of a statement showing the amount of toddy revenue advanced to certain inamdars of the Bangalore district.
25	3094 Ex. 114	19	Do ...	Requesting him to state whether the figures, given in column 9 of the statement of lands containing date trees given out for cultivation in the Bangalore district for the quarter ended 30th June 1896, represent the estimated annual toddy rental from date trees or the estimated value of the trees, and observing that if the figures relate to the former, certain survey Nos. in the Narasan-
